Contents

For the fourth consecutive year, ERA and ECLA are organising the European Forum for In-House Counsel, combining the pragmatism of an in-house lawyer association with the expertise of a first-class European training institute.

The European Forum for In-House Counsel provides a forum for the exchange of practical experience, knowledge and views between inhouse counsel and other lawyers involved in business affairs.

The aim is to provide in-house counsel, through expert input, with a comprehensive overview of and a practical insight into issues of European Community law with which an in-house counsel is confronted. The latest developments and the recent relevant case law of the Community courts in areas such as European competition law, European company law, European private law and European environmental law will be analysed during the forum.

Interaction among participants will be encouraged through periods of discussion and case studies.

PROFESSIONAL TRAINING (CPD)

Participation in this forum can count towards your CPD obligations. This forum is accredited by several European bar associations, including the Law Society of and England & Wales.
